# BUTTERFLIES

Dee dee du, dee dee du du du

You really play it funny  
you're surely at your best  
but I don't want to be your girl  
you say the nicest words  
I know what's on your mind  
you better wait another turn

And when it comes  
the time for true love  
I'm pretty sure  
I'll recognize the sign  
cause I'll feel  
belly butter flies

Dee dee du...

Don't waste your time in checking  
if I changed my mind  
cause I don't want to be your girl  
don't try to be too cool  
cause I am not a fool  
you better try another swirl

And when it comes  
the day for true love  
I know my baby  
will finally come along  
and I'll feel  
belly butter flies

Dee dee du...

When my baby comes  
he'll bring the rainbow  
in his hands  
tears and rainy days  
will all fade away  
and I'll feel something  
just right here

Dee dee du...

What a surprise I am glad  
to see you're still alive  
you've not been texting for so long  
thought you were dating Lily  
sweetheart of your life  
but probably something  
just went wrong

And on this side  
there are some great news  
a wonder of a boy told me no lies  
and made me feel  
belly butter flies

Dee dee du...

He made me feel belly butter flies  
he made me feel...

## ONCE

Help me to surrender  
I can bear this no more  
I have no heart to say goodbye  
no tomorrow to say hello  
hands are shaking,  
backs are turned  
just a "sorry I have to go",  
memory of a glance  
if I had told you once

Don't know how it started  
don't know where will end  
I just know what no one knows  
and nobody will understand  
and I find so hard to take  
it was a choice I had to make,  
memory of a glance  
if I had told you once

If I could turn back time  
what's the point  
in thinking about it  
if I could turn back time  
things could be  
much different now

if I could turn back time  
ain't no use in talking about it  
if I could turn back time  
you might be still here by side

Sunrise to remember  
eagles for a glide  
God knows how much  
I would love  
we could ride wind  
like two kites  
it's a secret you won't know  
now I really have to go,  
memory of a glance  
if I had hold you once

If I could turn back time...

If I could turn back time...

You might be still my only one.

## DANCING ON THE FLOOR

Hold me, don't let go  
let all your emotions flow  
like we used to do  
don't you want it too  
let your body move  
caught up in this sexy groove  
Baby show me more  
dancing on the floor

I like it oohh  
the rhythm is in the air  
can't you feel it too  
the rhythm is in the air

Flying on your feet  
you kill me when you smile  
at me  
I'll be leaving soon  
heading to the moon  
Baby don't insist  
cause I simply don't resist  
want you ever more  
dancing on the floor

It's crazy oohh  
this rhythm in the air  
don't you like it too  
this rhythm in the air

Won't you come a little closer  
feel the rhythm of my heart  
that beats for you  
if you get a little closer  
I will let you in my dreams  
until you finally make them  
true

Getting to the top  
I would never want to stop  
blow my mind away  
if you dance that way  
now I'm really sure  
you're the one I'm looking for  
cause we both adore  
dancing on the floor

We like it oohh  
and love is in the air  
don't you feel it too  
love is in the air

Love is in the air...

## REFLECTION

Surely I must have made  
lots of mistakes  
they're all lined up  
in front of me  
what can I say or do  
and I think of you  
as I try and recall  
the times I fall  
all that I dreamt of  
is falling apart  
and I'm searching for something  
to hang to inside my heart  
Now I barely see  
a blurred reflection  
of what used to be me

Surely I've been traveling  
so far away  
thinking all I was looking for  
I would have found one day  
so I carried on  
and I ceased to see  
what's close to me  
not sure what happened,  
not sure how it went  
that was not the intention,  
not what was meant to be  
But now I barely see  
a blurred reflection

of what used to be me

Step by step  
I'll open my eyes  
kiss goodbye my regrets  
step by step  
I'll be making my way home

Now that I've grown up  
and years have gone by  
I should give up  
my foolish thoughts,  
just become old and wise  
but I cannot help  
cause the kid inside  
refused to die  
show me the way  
how to make this thing work  
how to live these few years  
that are left  
and give all the love  
that I have inside

Step by step  
I'll open my eyes  
kiss goodbye my regrets  
step by step  
I'll be making my way home

# HOLE IN MY SOUL

Sun doesn't shine anymore  
here I am standing  
with my feet in the cold  
and I wait for someone's smile  
to come and lighten me up  
and I don't believe in destiny  
but this is happening to me  
and I try to move on

with a hole in my soul

She doesn't call anymore  
it's such a waste to sit  
and stare at the phone  
and I am sure  
she's never going to turn back  
an' come knock at my door  
so my mind  
keeps screaming to forget  
my heart  
I know will never do that  
and I try to move on

with a hole in my soul

All my friends  
keep telling me to let go

every time I see her,  
the feeling shows  
and it's really hard to move on

with a hole in my soul

Please someone  
come brighten my day  
deep in my heart I know  
there must be a way  
and I tell myself all I need  
is friends to go out  
and have some fun  
but no matter what I say  
or do  
it's so hard to stay away  
from the thought of you  
it's an hard life living

with a hole in my soul

all my friends  
keep telling me to let go  
every time I see her,  
the feeling shows  
and it's really hard to move on

with a hole in my soul

## OVER YOU

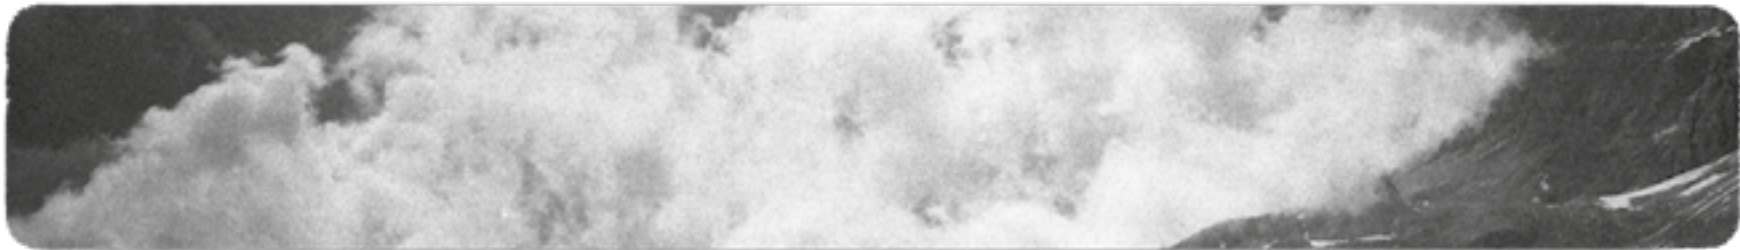

It's pretty clear  
the story is ending  
and it's time to say goodbye  
we shouldn't carry on pretending  
that it's finally going  
to work out fine  
cause we know  
it's just a lie  
I know  
it's not your fault  
cause I dreamt it all  
and I was such a fool  
to believe  
that I could make it through,  
but I know  
I won't be over you

Another year is going by  
without you  
and I try my best to move on  
but deep inside  
there's something I hold on to  
all those memories  
that pull me through  
and the golden moments  
that you probably won't recall  
cause I dreamt them all  
and I was such a fool  
to believe that  
I could make it through,  
but I know  
I won't be over you

And every now and then  
I still have dreams of you  
and the longing is unbearable  
and when I wake up  
for a moment  
I believe  
it could still be true  
and it's exactly when  
I realize I won't be over you

It's been a long time  
since we saw each other  
and it feels  
like the time has stopped

I wish you could stay  
a little longer  
can't you see  
there's something special  
now you really have to go  
you are right  
it's not your fault  
cause I am the one  
who's dreaming on  
and I am such a fool  
to believe  
that this could still be true,  
but I am sure  
I won't be over you

## TRY

Staring at the deep blue sky  
I don't see the end  
Looking at the stars  
I sing a lullaby  
time is slowly slipping  
through my hands  
Heaven knows  
the reasons in my heart  
I should play my part,  
not asking why  
All is left to do,  
all I have to do is

try

Staring at the deep blue sea  
I can see your eyes  
I feel a shiver on my skin  
when you say we  
Nothing in the world  
can compare your smile  
Heaven knows  
the treasure in your heart  
You should play your part,  
not asking why  
All you have to do,  
all you got to do is

try

Love  
Plays its game  
in funny and mysterious ways  
It doesn't go  
Till you finally understand  
that this is all you know  
Don't sit back and cry  
Take my hand and

try

Staring at each other's eyes  
We don't see the end  
Life will bring  
a lot of troubles in disguise  
Just remember  
never leave my hand  
Heaven knows  
the truth is in our hearts  
we should play our part  
and don't ask why  
All we have to do  
all we got to do is

try

## TOGETHER

Every dream, is possible  
If we are together  
I believe in miracles  
When you are by my side  
Every day, is wonderful  
When we are together  
A love like ours is unstoppable  
If you're by my side

I never have enough of you  
Cause I'm still falling  
For you baby  
You're shining like a sunny day  
And so I tell myself that

I wanna be with you,  
with you forever  
I know that we can win the world  
if we stay  
together

Every star, is reachable  
If we are together  
Nothing is impossible  
When you are by my side  
Every night, is glorious  
When we are together  
A dream like ours is fabulous  
If you're by my side

I just can't live my life without  
It feels so good, yeah  
with you baby  
cause I see heaven in your eyes  
I really have to tell that

I wanna be with you,  
with you forever  
I know that we can win the world  
if we stay  
together

Every second of my life  
I am longing for you  
I just can't live my life  
without you  
You make me feel so good,  
I feel so good with you

You bring the rainbow after  
Every stormy weather  
with you baby  
this world's a so much better place  
I really tell myself that

I wanna be with you,  
with you forever  
I know that we can win the world  
if we stay  
together

# DAD

Dad

I reckon it's been a long time  
since we've been talking good times  
and frankly I regret  
we haven't done enough

Dad

I missed many chances,  
if I could I'd promise  
I wouldn't make the same mistake  
again  
but now  
it's too late

Dad

it's really funny when I think  
that now I am older  
than you were  
when I used to look at you  
thinking you were  
old

Dad

I wish I could ask you,  
if you were still feeling  
young  
whilst your kids  
were growing up  
so fast  
like mine do

Tell me how you're feeling,  
tell me how you're feeling,  
how you're feeling now  
Tell me what you're doing,  
tell me what you're doing,  
what you're doing now  
Tell me where you're going,  
tell me where you're going,  
where you're going now  
Tell me how you're feeling,  
tell me how you're feeling,  
how you're feeling now

Dad

you know I like dreaming  
sometimes I need someone  
to tell me  
how much time  
I keep wasting  
behind these dreams

Dad

one of those dreams is if  
I could just meet you  
in my dreams  
so you'd finally tell me  
one of yours  
You never did dad

Tell me how you're feeling..
